	- If you would like to maintain your trees for ultimate health and beauty, a proper trim done on trees like these should only need to be done approximately once every 3-5 years. This is also the best thing that you can do to significantly reduce the chance of your trees uprooting during a high wind storm or hurricane. Parking spots in the back of the building are required to be free out of vehicles.

Heavy Equipment Usage Agreement

Because of the heights and dangers involved in tree work along with the massive weight of trees, many tree jobs are not even possible without the use of heavy equipment. Mechanical manipulation insulates tree workers from many of the inherent dangers of their work. Also, a significant amount of time can be saved by using heavy equipment which helps to keep customer costs reasonable. While equipment can protect customer property in many ways, it can also increase the risk of potential damage in other ways, namely to lawns, driveways and underground equipment.

Tree Work Now Inc. hereby commits to assessing and mitigating the above risks to the best of its ability. We will use the proper equipment for each job and provide competent and experienced personnel to operate it. Since Tree Work Now Inc will take appropriate precautions to reduce the possibility of property damage, both parties hereby agree that Tree Work Now Inc is liable for equipment-related damages or claims only if they are caused by the gross negligence or willful or intentional misconduct of its employees.

Aside from such gross negligence, the customer shall release from liability and hold Tree Work Now Inc harmless from any and all claims, actions, suits, proceedings, costs, expenses, damages and liabilities, including attorney's fees which relate to damage or destruction of property caused by – or claimed to be caused by – equipment used at the address listed above where the work is being performed. By the acceptance of this estimate to proceed with your job, you are also agreeing to this Heavy Equipment Usage Agreement.

Payment

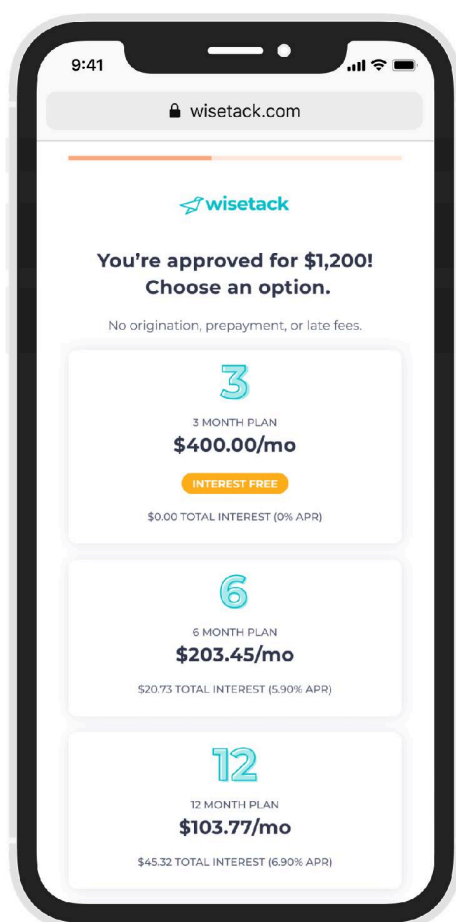

Invoices are due upon receipt. Accounts not paid within 15 days of the due date are subject to a 1.5% monthly finance charge. In the event of any dispute between the parties concerning the terms and provisions of this contract, the prevailing party shall be entitled to collect from the other party all costs incurred in such dispute, including reasonable attorney's fees.
